doing the right thing for our children

FOSTER CARER CHARTER

Last updated: June 2023

We acknowledge the excellent care, support and commitment shown by our Foster Carers. This charter demonstrates and recognises the joint responsibilities to the children and young people in our care and builds on the success and achievements of fostering at Tree House Care.

The Government launched the Foster Carer Charter in March 2011. It was jointly produced with fostering organisations, charities and children in care. Recognising the invaluable work of foster carers, it sets out clear principles. These are based on the core belief that children come first, how foster carers should be treated, and the pivotal role played by carers in helping children achieve to their full potential.

We embrace the principles of the Charter and through consultation and involvement of children, young people and foster carers we have developed our own '**Tree House Care Foster Carer Charter**'.

This Charter builds on the existing solid foundations and ongoing commitment to our Foster Carers. This is through:

- day-to-day support, events and activities for foster families
- listening to both carers and children
- placing a high value on the contribution of carers in all areas
- having high aspirations for all children in our care
- further development and expansion of foster care at Tree House Care.
