We must assess the risks to your health and safety during any care or help and make sure that staff have the qualifications, competence, skills and experience to keep you safe.

Safeguarding from abuse

You must not suffer any form of abuse or improper treatment while receiving care.

This includes:

The equipment used in your care and support must be secure and used properly.

Complaints

COMPLAINTS

A complaints procedure is in place along with a management monitoring system. We try and resolve difficulties and conflicts through dialogue and negotiation whenever possible.

No formal complaints have been received in the last 12 months.

We are aware, however, that a low return is not necessarily positive and our complaints form has therefore been produced making it more user-friendly. We have also produced a version using widget software for people with communication difficulties.

Information on making complaints can be available in a variety of formats including other languages, Makaton, etc. according to Service User needs.

The North East Lincolnshire Adult Protection Procedures will be implemented where necessary.

All service users will be given a copy of Tree House Care 'Service User's Guide' which tells you how to make a complaint and contains the Care Quality Commission details should you wish to contact them in relation to a complaint.

DATA PROTECTION AND HUMAN RIGHTS ACT

The company will store all information in a safe and secure place. No information about Service Users will be shared without their knowledge or approval unless not to do so would cause them harm.
